I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I am very upset about this proposed legislation! My specialty pharmacy has been caring for me for over 12 years. Where were all these big pharmacies when I was diagnosed with severe PMS? This medication makes my life livable. Do not limit the shipments of compounded prescription medicine. Why would we need this legislation?
